

September, 28, 2017

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in sharing and posting our COP report due to intense and increasing construction activity in the new expressway we are building at Lima. This really has very busy to everybody in LAMSAC's Managing Committee and with no time to review in detail the information contained in our report (and almost created by internal team in charge).

We hereby ask for a four-week extension period in order to be able to post a COP that better describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by October 27, 2017, at the latest.

Sincerely yours,

A handwritten signature in blue ink, appearing to read 'Luis Zapata Palacios', written over a light blue curved line.

Luis Zapata Palacios
Manager, Communications and Sustainability
